"We've played to some of your mothers and fathers," Queen guitarist Brian May said to the crowd. "And some of your grandchildren, I'm sure."

The evening was packed with hits, and Lambert, at one point looking resplendent in a diamond-studded leopard-skin suit, didn't disappoint with his usual vocal acrobatics and charm.

#### IMPORTANT SAFETY INFORMATION

All prescription NSAIDs, like CELEBREX, ibuprofen, naproxen, and meloxicam have the same cardiovascular warning. They may all increase the chance of heart attack or stroke that can lead to death. This chance increases if you have heart disease or risk factors for it, such as high blood pressure or when NSAIDs are taken for long periods.

CELEBREX should not be used right before or after certain heart surgeries.

Serious skin reactions, or stomach and intestine problems such as bleeding and ulcers, can occur without warning and may cause death. Patients taking aspirin and the elderly are at increased risk for stomach bleeding and ulcers.

Tell your doctor if you have:

- A history of ulcers or bleeding in the stomach or intestines
- High blood pressure or heart failure
